Fraternal Greetings to the Second National Congress of the American Communist Party

Dear Comrades,

On behalf of the Communist Party of Bangladesh, we extend our warm revolutionary greetings and fraternal solidarity to the delegates, members and leadership of the **American Communist Party** on the occasion of your **Second National Congress, October 9–10, 2026**.

We value this opportunity to convey our greetings to communist comrades in the United States and to strengthen the bonds of friendship and solidarity between our two parties.

We are living through a period of profound changes in the international balance of forces. The deepening crisis of the capitalist system, growing economic inequality, imperialist interventions, military conflicts, sanctions and the intensification of geopolitical rivalry are creating new challenges for working people across the world. At the same time, the struggles of workers, oppressed peoples and progressive forces continue to create new possibilities for resistance and international solidarity.

For us in Bangladesh, the question of national sovereignty, democracy, social justice and the rights of working people remains inseparable from the broader struggle against exploitation, domination and imperialism. We believe that the working-class movements of different countries have much to learn from one another, despite the differences in their historical and political circumstances.

The Communist Party of Bangladesh attaches great importance to proletarian internationalism and fraternal relations among communist and workers' parties. We hope that your Congress will provide a fruitful opportunity for discussion, theoretical reflection and the strengthening of your organization, and that it will contribute to closer cooperation among communist and progressive forces internationally.

We look forward to developing further fraternal communication and exchanges between the Communist Party of Bangladesh and the American Communist Party, and to learning from each other's experiences in the struggles of our respective peoples.

Please convey our warm revolutionary greetings to all delegates and comrades participating in the Congress.

Long live international working-class solidarity!

Long live the friendship between the working people of Bangladesh and the United States!

Long live socialism!

With revolutionary greetings and fraternal solidarity,

Kazi Sajjad Zahir Chandan
President

Abdullah Kafee Ratan
General Secretary
