SOCIJALISTIČKA RADNIČKA PARTIJA HRVATSKE

SRP

Respected Comrades of the American Communist Party,

On behalf of the Presidency of the Socialist Workers Party of Croatia, we send our warmest revolutionary greetings to your delegates and membership on the occasion of your Second National Congress.

We thank you for your fraternal invitation and for the spirit of internationalism it expresses. Though our two parties operate in different conditions, we are bound by a common struggle against imperialism, capitalism, and the danger of fascism.

We live in a land whose modern history was forged in the People's Liberation Struggle of 1941–1945. Under the leadership of the Communist Party of Yugoslavia and Comrade Josip Broz Tito, our peoples, Serbs, Croats, Slovenes, Macedonians, Montenegrins, Muslims and all other nationalities rose against nazist and fascist occupation. In that struggle were born the foundations of socialist Yugoslavia: the anti-fascist councils of AVNOJ and ZAVNOH, the brotherhood of nations, and the people's revolution that swept away the old ruling classes and established the socialist workers' self-management. Our party carries forward that heritage to this day.

Socialist Yugoslavia did not stop at its own borders. It stood with the colonized and oppressed peoples of Asia, Africa, and Latin America. Through the Non-Aligned Movement, we struggled against Western imperialism. Yugoslav workers built factories, schools, and hospitals, and Yugoslav internationalists stood with liberation movements in Algeria, Vietnam and all around the oppressed world. This is our struggle: anti-colonial, anti-imperialist, internationalist and revolutionary.

Today, that tradition lives on in our defense of Cuba against the economic genocide of Washington, in our solidarity with Palestine, and in our fight against NATO's war machine and the European Union's imperialism. We see in your party a comrade in this world struggle.

We wish your Second Congress every success. May your decisions strengthen your party. We look forward to building closer fraternal relations between our parties in the common fight for socialism.

Smrt fašizmu! Sloboda narodu!
Proleteri svih zemalja, ujedinite se!

With comradely greetings,

The Presidency of the Socialist Workers Party of Croatia (SRP Hrvatske)
