**Dear Comrade Jackson Hinkle**

**International Secretary of the Communist Party USA**

**Fraternal Greetings,**

We extend to you our warmest fraternal greetings and appreciation as you convene your Second National Congress, which we hope will constitute an important milestone in the process of party, political, and organizational development, strengthening the role of the Party and fulfilling the aspirations and ambitions of its militants.

We salute your efforts over the past period, which have contributed to expanding the Party's ranks and branches in a number of regions across the United States. We look forward to the Congress adopting resolutions that further strengthen the Party's role and effectiveness among the working class and the American people, and enhance its contribution to the common international struggle against imperialism and exploitation, and for peace and the right of peoples to freedom and self-determination.

**Dear Comrades,**

We have followed your supportive and principled positions in support of the rights of the Palestinian people and your rejection of the genocidal war being waged by Israel, with the direct support of US imperialism, which continues to support the war despite the plan put forward by the US President, which remains subject to violations by the Israeli occupation forces.

On behalf of the Palestinian people and all its political forces, we extend to you, our dear comrades, our sincere thanks and appreciation, and through you to all progressive forces in the United States that have taken to the streets across various states, rejecting the Israeli genocidal war against our Palestinian people. We are confident that you will continue your support for our people and their just struggle for freedom, national independence, and self-determination.

We look forward to continuously strengthening and developing the bilateral relations between our two parties at all levels, and to further deepening our common ties and international solidarity.

**Once again, we congratulate you on convening your Second National Congress and wish you continued success and progress.**

**With our warmest fraternal greetings and international solidarity.**
