SOUTH AFRICAN STUDENTS CONGRESS

Unity for democracy in education

Message of Support: American Communist Party

9-10 October 2026

FRATERNAL GREETINGS FROM THE SOUTH AFRICAN STUDENTS CONGRESS TO THE SECOND NATIONAL CONGRESS OF THE AMERICAN COMMUNIST PARTY

Comrades and delegates,
On behalf of the South African Students Congress (SASCO), the largest and most progressive Student movement in South Africa, we extend our warmest revolutionary greetings to the American Communist Party on the occasion of your Second National Congress.

Your gathering takes place at a time of deepening crisis for capitalism across the world; a crisis of war, inequality, and ecological devastation. It is a moment that demands clarity, discipline, and international solidarity from all forces committed to the emancipation of the Working Class.

SASCO is rooted in the traditions of the National Democratic Revolution, Marxist-Leninist analysis, and the mass-based struggle of the Progressive Youth Alliance, and Mass Democratic Movement. We have learned that our struggle is not isolated. The struggle of Students in South Africa is bound to the oppression of workers and youth across the globe.

We stand with you in the fight against imperialism, against the exploitation of labour, and against the reactionary forces that seek to divide and weaken our movements. We stand with the oppressed Peoples of Palestine, Western Sahara, Sudan, Cuba, Venezuela, and Nicaragua. And we stand with the working class of the United States, who continue to struggle for dignity, justice, and socialism.

We wish your Congress every success. May your deliberations strengthen your organisation, deepen your ideological clarity, and advance the cause of the working class.

Forward to a world free from exploitation!
Long live international solidarity!
Amandla! Awethu!
